The Integrative Medicine Alliance's Affordable Holistic Care Directory Project is an all-volunteer effort. We welcome your tax-deductible donations to make and distribute copies of this brochure throughout Rhode Island. You can also support the IMA by becoming a member. For details or to give, visit our website at: www.IntegrativeMedAlliance.org/Affordable.asp

The Integrative Medicine Alliance (IMA) is an independent, 501(c)(3) non-profit organization that fosters networking, dialogue, education and collaboration between conventional and complementary/alternative medicine practitioners throughout New England in order to deepen the quality of the human experience of healthcare. Its Affordable Holistic Care Directory Project works to shine a light on holistic and integrative healthcare practitioners who are working to make their care more affordable in these challenging economic times. A New England-wide directory of these practitioners can be found at the IMA's website at:

www.IntegrativeMedAlliance.org

This project has been developed in collaboration with Karlo Berger at Whole Health Solutions LLC (www.KarloBerger.com) and with the invaluable assistance of Angela Wong (Brochure Writer, Researcher), Kevin Liou (Researcher) and Richard Stein (Researcher). We urge you to copy this brochure and circulate it! To download a free copy of this brochure, please visit the project's web page at: www.IntegrativeMedAlliance.org/Affordable.asp.

The Integrative Medicine Alliance, Whole Health Solutions LLC, project staff, and any distributors of this directory make no endorsement of any practitioner, business, therapy, or product described or linked to in this directory. The information in this directory is not intended to be a substitute for medical advice. We urge you to contact your physician and/or health team before trying any new therapy or healthcare product. If you do decide to seek treatment from any practitioner listed, please notify your physician and/or health team so that you and all those caring for your health may work together in harmony.
